Towards a new paradigm of ecological economy and social innovation in Europe?

Domenico ROSSETTI di VALDALBERO
European Commission, DG RTD
Domenico.Rossetti-di-Valdalbero@ec.europa.eu
EU policies are forward-looking and need scientific evidences

- “Europe 2020 Strategy”
- A Budget for Europe 2020 (MFF)
- Horizon 2020, the future FP for R&I
- European Technology and Social Platforms
- Commission Roadmaps to 2050:
  - Low carbon economy
  - Energy
  - Transport
Science, Technology ... and Social Innovation

- Fostering sustainable economic growth and job creation
- Answering to Global and EU societal challenge
- Developing new synergies:
  - Between energy, environment and transport
  - Technologies and human beings
  - Services, industry and agriculture
  - E-mobility and resource-efficiency
  - Traditional economics and behavioural changes
